

HS

THE INNOVATIVE "CATALACTIVE" CLEANER AND EXTRAORDINARY GREASE EMULSIFIER

DESCRIPTION:

MARCO'S HS is a solvent-free, super concentrated, two part cleaner designed to handle all your floor cleaning needs. By mixing the parts together with water, it will yield a concentrate that can be further diluted for various cleaning tasks. This highly versatile cleaner can be used in a wide range of applications from light cleaning, concrete floors, and heavy industrial degreasing. **HS** produces a spontaneous emulsification of grease and oils. It breaks them up and holds it in suspension for easy removal and rinsing. Prevents oils from re-depositing on cleaned surfaces. **HS** can be used to clean up oil slicks and spills and to degrease equipment around oil rigs. Excellent bilge cleaner.

BENEFITS:

- Environmentally safe; contains no highly toxic solvents
- Non-hazardous
- Biodegradable
- Powerful cleaner without butyl
- Concentrated; may be used at various dilutions depending on severity of soil
- Rapidly removes dirt, grease, and grime from wide variety of surfaces
- May be used by hand or through steam/pressure cleaning equipment, automatic floor scrubber, etc.

APPLICATIONS:

- Non-Porous Surfaces • Floor Cleaner • Degreaser

FOR USE BY:

- Apartments • Airports • Automotive Repair Shops • Car Dealerships • Cleaning & Maintenance • Day Care Services • Hospitals • Hotels & Motels • Nursing & Retirement Homes • Sanitary Services • Schools & Educational Services • Sports & Recreation Clubs

DIRECTIONS:

For routine maintenance cleaning, use 1 part HS to 8 parts water. For light duty cleaning, use 1 part HS with up to 32 parts water. For general cleaning requirements, use 1 part HS with 16 parts water. For heavily soiled surfaces, use 1 part HS with 5 parts water. For exceptionally stubborn soils, repeat cleaning procedure at a more concentrated dilution. Rinse thoroughly after use.
